## PROJECTS

**MELBOURNE ART MAP |** MERN Stack App
https://mam-mern.netlify.app/
- A two person group project, plots Melbourne's public art on an interactive map. Clickable pins display a pieces' image, location, date and name of artist and artwork. Create, edit and delete artwork through an administrative login. **Tech:** Javascript, MongoDB, Express JS, Node JS, React, HTML, CSS, Netlify, Heroku, Amazon S3.

**GUITAR LESSONS |** Ruby on Rails Web App
https://marketplaceapp-guitar.herokuapp.com/
- A two-sided marketplace which connects guitar teachers of a specific genre with students over a webcam. **Tech:** Ruby, Rails, HTML, CSS, Bootstrap, PostgreSQL, Heroku, Amazon S3.

**KEYS TO THE CHORDS |** Terminal App

I love listening, playing and talking about music. I can play the guitar, bass and drums and have a crack at making my own electronic originals.

**Psychology**
An infinitely interesting subject which continually surprises me.

**Sport**
I follow the AFL and I'm a member of the Sydney Swans.
